MESSAGE FROM THE CHAIRPERSON OF THE BOARD

Greetings, Colleagues and Stakeholders.

The circumstances we currently face are all fairly challenging ones in which to work. However, no matter the circumstances, we must continue to ensure that SASSETA is a strong and financially sustainable organisation that delivers on its mandate, whilst putting our stakeholders at the heart of everything we do.

By advising our stakeholders when necessary and by being flexible where possible, we prove that we can support our stakeholders in meeting their skills development needs.

For our stakeholders and training providers in particular, it is important for us to use our time wisely and to move forward swiftly and decisively with our projects in the 2022/2023 financial year. This will only be possible with continued dedication and support. We need to continue to work together to deliver our mandate, so I urge you when making decisions, not only to evaluate what is best for our business but also the potential impact on other parties.

The SASSETA Board and Management have worked tirelessly to identify ways of delivering the mandate of the SETA in the new normal. Interventions that will be rolled out include the use of digital technology as a replacement for classroom training (online training or e-learning) and remote instruction to learners in the short term, and the digitisation of operations in the SETA in the medium term.

I would like to acknowledge the support and participation of our stakeholders since the current SASSETA Board took office. We have had a number of challenges throughout the year but your courage, determination, and hard work brought us this far.

The year ahead will bring its challenges, but I am sure that by working together, remaining focused on our goals, and putting our stakeholders first, we can realize our ambitions. These will certainly continue to be my priorities and I am convinced that I can count on you to do the same.

I offer you my best wishes for success, good health, and happiness throughout the year.

Chris Mudau

SASSETA Board Chairperson

NOTE FROM THE **CHIEF EXECUTIVE OFFICER**

LET ME BEGIN BY CONVEYING MY BEST WISHES FOR THE NEW FINANCIAL YEAR TO SASSETA BOARD, EMPLOYEES, AND STAKEHOLDERS.

I am delighted to introduce this first edition of the SASSETA electronic newsletter The Safety Plug. The publication will be issued quarterly and will be used to keep you informed of our planned activities for this financial year.

In this edition, we are introducing the SASSETA Board members who are appointed to serve for the period **1 April 2020** to **31 March 2025**. Their appointment coincided with the unprecedented Covid-19 pandemic. Unfortunately, this has affected numerous planned and projected activities of SASSETA among those being a formally planned introduction of the Board members to stakeholders.

The Board has developed a strategy for the SETA for its term. The Strategy is reviewed annually simultaneously with the development of the Sector Skills Plan, the Annual Performance Plan and the conclusion of a Service Level Agreement with the Department of Higher Education and Training. These documents are critical in the understanding of the strategy and the execution of the mandate of the SETA. The documents are accessible from the SASSETA website:

www.sasseta.org.za

> *The provision of skills to unemployed learners, to allow them to start sustainable businesses, is one of our major challenges. The achievement of which will assist in combating other social ills that threaten our democracy.*

Our internal processes are geared to support the Economic Reconstruction and Recovery Plan Skills Strategy objectives and the Sector Skills Plan priorities. We are also steadfast in our support of TVET Colleges, CET Colleges, and Public Universities and Universities of Technology.

The road to professionalising and transforming our sector through skills development and tackling South Africa's high unemployment rate is arduous. The provision of skills to unemployed learners to allow them to start sustainable businesses is one of our major challenges, the achievement of which will assist in combating other social ills that threaten our democracy.

As we celebrate Father's Day this month, for people who are honoring the memory of their fathers or celebrating father figures, we are holding you in our hearts this month.

To all the fathers and other supportive adults, your work, instincts, and willingness to provide "everything that matters" means the world to us. May you continue to create more and more memories with your kids.

On behalf of the SASSETA Board, Management and staff, I would like to wish all a wonderful and rewarding year. Let us all roll up our sleeves and get to work.

Thamsanqa Mdontswa

EDITOR'S NOTE

The SASSETA Marketing and Communications unit proudly presents the first edition of the electronic newsletter, The Safety Plug.

The newsletter is a result of the teamwork displayed by all the SASSETA colleagues. We also encourage you, our Stakeholder, to contribute to the newsletter by submitting articles relevant to the sector to us via: enewsletter@sasseta.org.za

We wish to thank all our colleagues who entered the 'name the newsletter' competition and congratulate Norah Mohale for her winning entry of 'The Safety Plug'.

As we continue growing the newsletter, we invite you on this exciting journey.

"If everyone is moving forward together, then success takes care of itself."

SASSETA Creates A Pathway To Careers In The Safety And Security Sector

In an effort to improve access to occupations in high demand and priority skills aligned to supporting economic growth, employment creation, social development and bridging the access to the information gap in rural areas, SASSETA embarked on various career guidance initiatives that seek to help learners in rural communities to make informed career and study choices.

Career exhibitions are an integral part of the SETA's mandate to increase access to career opportunities, especially in rural areas and townships in South Africa.

The Learning Programmes department, in collaboration with the marketing and communications department, visited Onkgopotse Tiro Comprehensive Technical School and Madikane Secondary School in the North-West Province.

Onkgopotse Tiro Comprehensive Technical School principal, Mr. Teacher Kgonothi, expressed gratitude towards SASSETA's commitment to career development in rural communities. "Your presence here today is highly appreciated. We are a rural school with very few resources. The information you brought today will definitely have a positive impact on our learners," he says.

Overwhelming support was also received from both learners and teachers at **Madikane Secondary School.** Over 200 learners visited the SASSETA stall and enquired about various career opportunities available in the safety and security sector.

Mrs. Nkwana, the Life Orientation teacher at the school, could not hold her excitement. "We are very grateful for this opportunity. Ever since the COVID 19 pandemic started, we have not been able to attend any career guidance events. Your presence will surely help improve our matric results this year. Learners will have a purpose to work hard," says the outspoken teacher.

"Your presence will surely help improve our matric results this year. Learners will have a purpose to work hard..."

Career Guidance Expo at Thornhill Secondary School

The Department of Basic Education in partnership with educators at Thornhill Secondary School in Montana (Pretoria) invited SASSETA on 19 May 2022 to partake in the career guidance event. The focus was on Grades 10, 11 and 12 learners. The learners were provided with information that will help them make important and valuable career decisions.

SASSETA Celebrates Youth Month at Mmadikete Lion Secondary School

The SASSETA Marketing, Communications, and the Learning Programmes officials celebrated the start of Youth Month by sharing information about various careers available in the safety and security sector with the Grade 10-12 learners at Mmadikete Lion Secondary School learners.

SASSETA visited Mmadikete Lion Secondary School, Madibeng Municipality (North West Province) on 01 June 2022. The sessions provided the learners with the following information:

• Various aspects to look at before choosing a career. For example their aspirations, values, favourite subjects etc.

• Various fields of study (learning programmes) available at SASSETA.

• The scarce and critical skills within the safety and security sector.

• Requirements of the SASSETA bursary.

• The requirements and the benefits of the learnerships.

The information shared with the learners increased their understanding of what skills are needed for their desired career.

The learners were also encouraged not to look down at TVETs education, much as they would want to go to universities. The Technical and Vocational Education and Training (TVET) also provide quality education, where they gain practical experiences that prepares them for workplaces.

During the interaction with the learners, some commended SASSETA for the information provided and echoed that their background does not afford them the opportunity to go to universities and the information provided has given them hope that there are more opportunities in South Africa for them as learners to be what they want to be in life as they complete their high school studies.

The learners on the left picture below are keen to pass their matric and pursue careers in architecture, forensic science, and geology.

"Thank you SASSETA for providing us with valuable information about career choices," said Tebello Mohale, a Grade 11 learner at Mmadikete Lion Secondary School.

Follow us

SASSETA continues to provide career guidance and counselling across the country, with a focus on rural communities. Kindly follow our social media platforms for more information relating to career opportunities and events.

SASSETA SETA

Sasseta - Safety and Security SETA

CHAMBER CAPACITY BUILDING **WORKSHOP**

SASSETA held a two-day Chamber Capacity Building session on 19 and 20 May 2020 at Indaba Hotel in Fourways. The main purpose of the session was to induct the new chamber members and provide them with an in-depth understanding of SASSETA's operational processes.

Amongst those who graced the event was SASSETA CEO, Mr. Thamsanqa Mdontswa who welcomed all members and wished them well for the duration of their term. Managers from various core departments were also present and made presentations about the day-to-day functions of their units.

The chambers are established in accordance with Section 12 of the Skills Development Act 97 of 1998 and must perform functions of the SETA as delegated to it in terms of the constitution of the SETA.

The composition of a chamber is made up of an equal number of members that represent organised labour and organised employers. The chamber chairperson is appointed by the SASSETA board after being recommended by that chamber and their functions are outlined as follows:

- Perform advisory, not a decision-making function, on skills development matters in the sub-sector.

- Advice on sub-sector skills plans. Participate in the development of the Sector Skills Plan reflecting the skills requirements of the sector and the sub-sector.

- Monitor the development and implementation of learning programmes within the subsector.

- Promote communication with stakeholders within the sub-sector.

- Any other function as delegated by the Board.

SASSETA has established the following Chambers: Legal Services, Justice Chamber and Constitutional Development, Policing, Defence, State Security, Corrections and Private Security.

All the 24 Chamber members were appointed by the Board and took office on **1 April 2021** until **March 2025.**
Below are the names of the chairpersons for each chamber:

Chamber of Policing
Mr. Maponyane

Chamber of Corrections
Mr. XL Marimane

Chamber of Legal Services
Mr. A Murugan

Chamber of Justice
Ms. C Isaacs

Chamber of Private Security
Mr. CA Laubscher

Private Security Chamber

Justice Chamber

Legal Chamber

Policing Chamber

Corrections Chamber

REALIGNMENT OF THE LEGACY QUALIFICATIONS INTO OCCUPATIONAL QUALIFICATIONS

The Occupational Qualifications Sub Framework (OQSF) Policy 2021, Notice No. 1463 published in Govt. Gazette No 45401 of 29 October 2021 refers.

All historically registered qualifications are due to **expire by June 2023** in accordance with the Ministerial Determination to ensure coherence in learning and enable the allocation of qualifications to levels in order to assess their compatibility and parity of esteem.

The SASSETA Quality Assurance unit have appointed Qualification Development Facilitators (QDFS) to facilitate the process of realigning the following historically registered qualification and new qualifications into **Occupational Qualifications** in response to the ministerial determination Policy:

Occupational Qualifications

ID No	Title of the Qualification
49337	NC: Multinational Safety and Security Operations Management
49783	Joint and Multinational Operations
49336	Law Enforcement Sherriff
New	Road Crash Investigation
New	Court Prep Officer
New	Asset Forfeiture
63229	Bomb Disposal

SASSETA stakeholders attending qualification mapping at Irene Country Lodge

The Quality Assurance unit held a workshop in consultation with the Community of Expert Practitioners (CEPs) on 23-24 May 2022 at **Irene Country Club** for the realignment of Bomb Disposal Qualification. The workshop was attended by the South African Police Service (SAPS), South African National Defence Force (SANDF) and some representatives from associated Private Skills Development Providers.

The Quality Assurance unit held another workshop for the realignment of Forensic Science qualification, which was held at **Premier Hotel, Midrand** on 30-31 May 2022. Representatives from the Unions, Universities, SAPS and Private Providers were amongst the attendees to the workshop.

SASSETA
YOUR PARTNER IN SKILLS DEVELOPMENT
VISION
To be the leader in skills development for the and security sector in the SADC region.
MISSION
Transforming and professionalising the safety and security sector by providing qualifications and quality skills through effective and efficient partnerships.

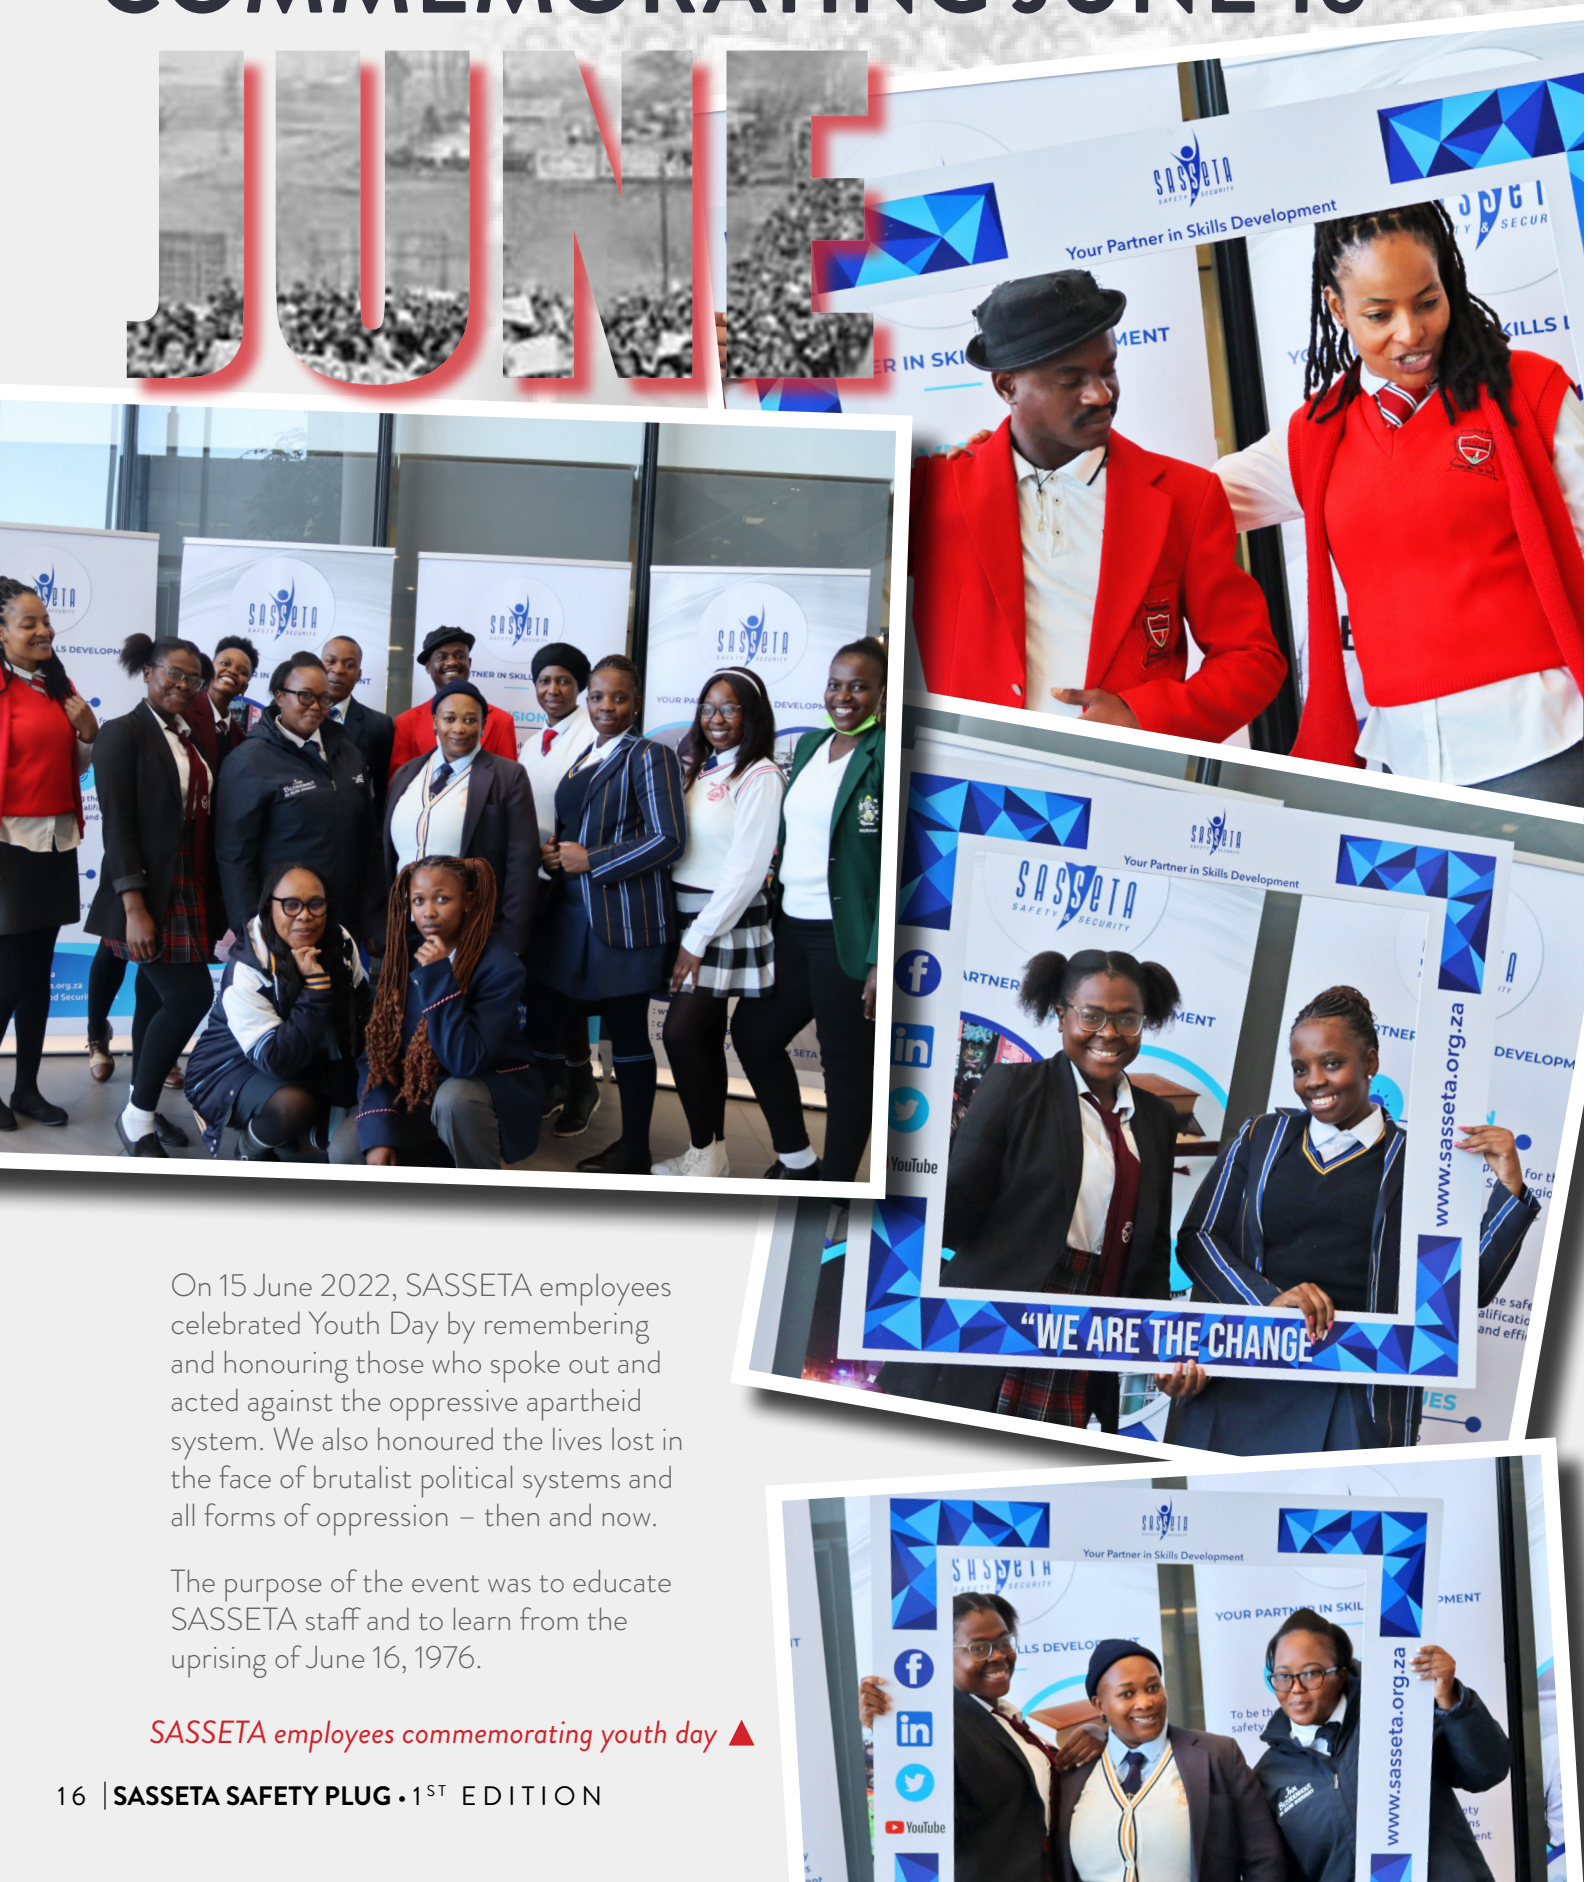
SASSETA EMPLOYEES COMMEMORATING JUNE 16



On 15 June 2022, SASSETA employees celebrated Youth Day by remembering and honouring those who spoke out and acted against the oppressive apartheid system. We also honoured the lives lost in the face of brutalist political systems and all forms of oppression – then and now.

The purpose of the event was to educate SASSETA staff and to learn from the uprising of June 16, 1976.

SASSETA employees commemorating youth day ▲

WELCOME TO SASSETA

You are now part of an esteemed team that regularly innovates and raises the bar. With you on board, there is no telling how high we can fly! Let's soar together!

The SASSETA team and stakeholders are looking forward to working with you and bringing your creative insights on board.

Mel Advocates For Digital Technologies To Achieve Sasseta Strategic Goals

The recent appointment of Ms. Melanie Rajagopal as Manager for Monitoring, Evaluation, and Reporting is set to assist SASSETA achieve its strategic objectives by embracing the 3 Es – economy, effectiveness, and efficiency.

Melanie has a BCom honours Degree in Business Management obtained from the University of South Africa. A fount of knowledge, Mel has over 18 years of experience in diverse aspects of strategy and management from both the private and public sectors. She is adept at working in fast-paced environments that demand strong organisational and versatile project management skills, combined with IT, interpersonal and leadership skills.

Her passion for digitisation is seen in her strong views about the 4th Industrial Revolution and the Internet of Things (IoT) and she believes that for organisations to prosper, they need to embrace technology and digitisation. Mel vows to gradually introduce digital technologies within her department, which she believes will help improve the outcomes of the unit.

> ***"My goal is to strengthen the unit's efficiency and effectiveness. By embracing digital technologies and benchmarking tools, we will be equipped to optimise our monitoring and evaluation function and provide valuable insights that are data-driven to enhance executive decision making."***

Mel is also determined to implement a central, secure, and accessible repository for all records to ensure that information is always on hand.

While working hard to ensure that SASSETA thrives, Mel prioritises the needs of her team as she believes that a team that works together produces greater results.

Teamwork and personal development are synonymous with Mel. Confident in her abilities, Mel says "I always encourage and empower people to achieve the best version of themselves. I value teamwork and believe that I am only as strong as my team is."

With all these qualities, Mel is sure to make an active contribution to the safety and security sector. Her appointment will also facilitate skills development, to realise the National Skills Deployment Plan (NSDP) and its vision of 'An Educated, Skilled and Capable Workforce for South Africa'.

We wish her all the best in her new position!

TUMELO KGOPA

Tumelo Kgopa was employed as the Learning Programmes Administrator at the Learning Programmes department in May 2022.

He holds a BA in Corporate Communication, a BA Honours in Public Management and Governance, a Post Graduate Diploma in Labour Law and a certificate in Project Management.

Tumelo has over two years of experience in the SETA environment and is grateful for the opportunity. **"I would like to thank SASSETA for giving me the opportunity to explore my skills. I feel honoured to be working in the skills development environment because skills development is all I know."**

THANDO MASEKO

Thando Maseko is a Data Capturer in the Learning Programmes at SASSETA. Thando has experience in different roles in education and training organisations. With years of experience in the skills development industry, he is passionate about skills development because it empowers people with skills and knowledge to better themselves and achieve their goals.

"In this ever-changing world, skills development plays an important role in acclimatizing people to the changing environment. Skills development is essential because it addresses skill scarcity and at the same time it combats unemployment". Thando gave words of appreciation to SASSETA for appointing him as data capture.

ROBERT THOBE-JANE

Robert Thobejane is the newly appointed Data Capturer: Grants and Projects, with over three years of work experience and a three-year diploma in Business Management. Robert is a meticulous individual who started working as a Data Capturer in 2016 at Germiston Hospital through an NGO up until he joined SASSETA as a temporary employee in 2020. His resilience and dedication saw him get a permanent position in the organisation in May 2022.

Mr Thobejane strongly believes in teamwork and goes out of his way to ensure that his team members are able to achieve their targets. **"I am passionate about helping others and seeing them do good for themselves and for the team,"** he says.

WENZILE CHUMA

Wenzile Nono Chuma is appointed at SASSETA as a Data Capturer in the Learning Programmes department. Wenzile matriculated at Edenvale High School in 2012. She is currently studying towards obtaining COMPTIA A+ (IT Technician) with the IT Academy. Wezile has over 10 years of experience in the data capturing field.

"I am thrilled to be part of the SASSETA team. With a high unemployment rate in our country, one should have as many skills as they can for them to get employment. Skills can expand your experience and allow you to perform your job well. Working for an organisation that provides skill development programmes that are job-oriented warms my heart because it contributes to fighting unemployment," says Wenzile.

In closing, Wenzile said: "SASSETA, continue to equip the youth with the required skills for jobs that are in high demand."

Congratulations on Your PROMOTION

Your promotion is a well-deserved position you earned through your hard work.

Congratulations!

LEBO HLOMBE
SCM Specialist

THANDOKWAKHE SIMAMANE
Learning Programmes Practitioner

PROUD TO BE **SASSETA BENEFICIARY**

Born and raised in Bloemfontein, Marine Howlett was awarded a bursary by SASSETA and she obtained a bachelor's degree in Social Work at the University of Free State in 2020.

"SASSETA came to my rescue and assisted me financially for my education. They paid for my studies and textbooks from 2017 until 2020 which made my learning experience less stressful and fun," says Marine Howlett.

"During my second year at the university, some of my peers shared with me a SASSETA bursary advert that had all the information on how to apply and the requirements for the bursary. I downloaded the application form from the SASSETA website, completed the form, and gathered all the supporting documents. I struggled with applying online because the email kept on bouncing back with an automatic response that the mailbox is full. I did not lose hope. I kept on submitting the application, at some point I thought my application did not go through," Marine said.

> *"MAY SASSETA GROW STRONGER AND REACH OUT TO MANY MORE. THANK YOU, A LOT!"*

Marine was delighted when she received an email in 2017 from Ms Katlego Pitso from SASSETA, who informed her that her bursary application was successful and has been awarded a bursary. A night before she received an email from SASSETA, she was on a spiritual retreat praying for her career path because she was not sure if she made a good career choice, and whether she will be able to complete the qualification due to financial difficulties. This came as a relief for her and her family.

"My journey with SASSETA has made my studying easy. It made it so much easier knowing that I could study without being anxious about tuition fees and textbooks. My first year at the University was tough because I had to work part-time (assisting learners with their homework) to assist my parents with tuition fees," says Marine.

Marine completed her qualification in 2020 and she is currently employed at Rata Social Services (NPO) as a social worker. Rata Social Services is a registered Child Protection Organization NPO and NGO, that safeguards children against all forms of abuse. The NPO focus on the protection of vulnerable individuals, families and communities, and their work and programs aim to create healthy communities.

"Marine's role at Rata Social Services is to provide advice and support to individuals and families to help them solve their problems. She works with specific groups of clients, including children, the elderly and families in crisis. She helps them solve the problems they are facing. "I do not regret my career choice, because I enjoy what I am doing".

WORDS OF GRATITUDE TO SASSETA

I am extremely grateful for the opportunity SASSETA gave me. By awarding me the bursary, you have lightened my financial burden, which allowed me to concentrate more on my studies. Your generosity has inspired me to help others and give back to the community. I hope one day I will be able to help students achieve their goals just as you have helped me.

The advice she gave to her peers: they must study because education is important, and it gives direction. "Never stop learning and be persistent...and most importantly, pray - have faith in God. He alone knows what is best for us."

OFFENDER SKILLS DEVELOPMENT
GRADUATION CEREMONY

The **Department of Correctional Services** hosted a skills development graduation ceremony for offenders on **24 June 2022** at the Sol Plaatje University in Kimberley.

The SASSETA CEO, Mr. Thamsanqa Mdontswa was part of the dignitaries and offered a message of support at the graduation ceremony. The 172 offenders graduated with degrees, diplomas, Engineering and Business Studies (N4 -N6) TVET Certificates and Occupation Skills Training Certificates.

SASSETA is responsible for skills development for the Safety and Security Sector. This sector consists of 7 sub-sectors, and one of them is Corrections.

In his address, Mr. Mdontswa outlined the importance of offender rehabilitation in the fight against crime and poverty, as well as ensuring successful integration into communities and offenders contributing positively to the economy.

"Education and skills development of offenders is very important and is necessary for successful rehabilitation and reintegration," SASSETA believes that ***"the training and skills learned will assist them in ensuring that they improve their livelihoods and don't become repeat offenders."*** he said.

Through partnerships established between the Department of Correctional Services and SASSETA, the Department of Correctional Services received Discretionary Grant funding to train 161 offenders on computer repair and maintenance, as well as training 181 offenders on tractor driving skills for this financial year.

During the previous years, more than 1030 offenders participated in accredited skills training programmes on various occupational skills programmes funded by SASSETA. All these training interventions are geared towards ensuring the rehabilitation of offenders while contributing to the Strategic Framework on Self Sufficiency and Sustainability.
